Engineering Portfolio

SUMMARY

A high school student interested in pursuing engineering in college and working in aerospace.

GPA (weighted): 4.59

SAT: 1570 (790 Math, 780 Reading)

WORK EXPERIENCE

Lifeguard Southwest Swim Association	May 2023 - Aug 2025
- Supervised pool environment and responded to emergencies, ensuring safety of patrons. - Taught swim lessons to over 100 children, adapting instruction to varied skill levels.	
Math Tutor Self Employed	Aug 2024 - Present
Tutoring clients in Algebra, Geometry, & Algebra II	

ACTIVITIES

Student Leader, Columbia Aeronautics and Space Association (CASA)	Aug 2022 - Present
- Organized 3-day “Mission” programs, which included STEM projects and workshops - Mentored groups of students doing aerospace-related engineering projects	
President & Founder, Rocketry Club	Aug 2023 - Present
- Coordinating club of over 40 members; competing in the American Rocketry Challenge - Developing active airbrake system with custom simulation and control algorithm for competition	
President, Mu Alpha Theta (Math Honors Society)	Dec 2023 - Present
Coordinating chapter meetings and guest lectures for over 70 students	
Member, American Institute of Aeronautics and Astronautics 9-12 Subcommittee	Aug 2024 - Present
- Authored handbook section about experimental rocketry and mentored other members - Interacted with aerospace professionals through lectures and Q&As	

HONORS

AP Physics & Art 1 Departmental Awards David H. Hickman High School	Grade 9
Outstanding Student Award x2 Columbia Area Career Center	Grades 10 & 11
Presentation Finalist (Top 5/1,000+) American Rocketry Challenge	Grade 11
Flight Hardware Finalist High Schoolers United with NASA to Create Hardware	Grade 11
Missouri Scholars Academy Attendee (Governor’s School) State of Missouri	Grade 11
